Transferring from Bates Technical College

Bates Technical College prepares students for the workplace. Many of the careers we train you for don’t require a four-year degree. If you decide to take your education to the next level, we’ve gathered a list of options that may fit your needs. To determine if Bates credits are transferable to a specific college or university, contact the registrar at the receiving institution.

Washington 45

Bates students can take general education courses called the “Washington 45” and transfer them to any other public, and most private, higher education institutions in Washington state. We offer the following courses:

- **Communications** (5 credits) - ENGL& 101, ENGL& 102
- **Quantitative and Symbolic Reasoning** (5 credits) - MATH& 151
- **Social Science** (10 credits in two different subject areas or disciplines) - PSYC& 100, SOC& 101
- **Natural Sciences** (10 credits in two different subject areas or disciplines) - BIOL& 160 w/lab, CHEM& 110 with lab, CHEM& 121 with lab, CHEM& 161

Transfer from Bates

Bates currently has agreements with several public and private colleges and universities to facilitate the transfer of credits and entry to educational options after earning a Bates credential:

- **City University** (multiple programs)
- **Central Washington University** (entry to Bachelor of Applied Science - management program)
- **Centralia College** (Diesel Technology)
- **The Evergreen State College** (multiple AAS-T degrees)
- **Mayville State University, North Dakota** (distance learning option for Early Childhood Education/Child Care)
- **Montana State University-Northern** (Diesel Technology)
- **Peninsula College** (entry to the bachelor of applied science with junior standing)
- **University of Phoenix** (multiple programs)

To determine if Bates credits are transferable to a specific college or university, contact the registrar at the receiving institution.

Associate of Applied Science-Transfer Degrees (AAS-T)

The AAS-T is built upon the technical courses required for job preparation, but also includes a college-level general education component, common in structure for all degrees. Bates Technical College has identified AAS-T degree options for the career education programs below.

- **Civil Engineering Technology**
- **Biotechnology Lab Technician-Biomanufacturing**
