

## Online Courses (continued)

### International Commerce I - Certificate Series

Today's organizations need individuals who understand the nuances of conducting business in the global market place. This program introduces students to the basics of international trade, communications, business law, marketing, and supply chain operations. Students will receive a Certificate of Training and 10 college credits upon completion of all five courses.

3542, International Trade Practices

### Distance Learning

Take online classes when it's convenient for you. All Washington On-Line Learning (WAOL) courses are five credits. WAOL establishes quarterly registration and start dates, which are later than the start of Bates' quarters.

ART&100 Art Appreciation

ENGL&101 College Composition

ENGL&102 College Composition

SOC&101 Introduction to Sociology

BA 217 Business Communications

### Open Enrollment Academic Telecourses

ASL&121 American Sign Language I

PSYC&100 General Psychology

SOC 111 Understanding Diversity

**Call the Educator Training Center at 253.680.7161 for information on these five-credit courses.**

## Eleanor Qualls - Assisting Her Future

After her marriage ended, Eleanor Qualls, a stay-at-home mom, needed to find a new career.

The former supervisor at United Parcel Service has a Bachelor's Degree in communication arts but wanted more training to find a better career fit.

Her personal dentist recommended Bates. "He told me if he was going to hire a dental assistant, he would strongly consider a Bates graduate," she says.

Eleanor hopes to be on his short list after she graduates from the program in December.

"Bates is an American Dental Association-accredited school and is a wonderful program," boasts Eleanor. "The instructors are amazing; there are no questions that go unanswered. They were hands-on and willing to help with whatever I needed. Everybody has been wonderful."

## Apprenticeship

Bates Technical College is actively affiliated with 14 apprenticeship programs. You can earn an Associate of Technology degree in Apprenticeship Studies in addition to your journey-level certification from Washington State Apprenticeship Training Council. Each apprenticeship program has its own criteria for selection. Please call the listed coordinators directly. Get detailed information about apprenticeship from the Labor and Industries website at: <http://www.lni.wa.gov/TradesLicensing/Apprenticeship/default.asp>
